Judge the recipe related to the structured questions by evaluating it with the slice of attached descriptions.

DESCRIPTIONS	QUESTIONS	JUDGMENT
The ingredients include cucumber, tomato, carrot, lettuce, olive oil, and salt.	Do you think these ingredients are healthy and well chosen for a vegetable salad? Would you add or replace anything? Why?	
The steps include washing, peeling, slicing, and mixing vegetables with olive oil and salt.	Are the instructions clear and easy to follow? Is any important detail missing?	
The recipe uses only a pinch of salt and 1 tablespoon of olive oil.	Are these amounts acceptable for a healthy diet? Should more or less be used? Explain.	
The text does not mention drying the vegetables after washing them.	Is this omission acceptable? Would this affect the salad's quality or hygiene? Why or why not?	
The salad is served without any dressing besides olive oil.	Do you think this is a desirable choice for taste and health? Would people prefer more flavor? Explain.
