I have a Facebook friend Mary, from California The USA. Last week she was staying with me in Nha Trang for a week.

On the first day of her visit, I took her to many places of interest in the city such as shopping malls, the History museum and especially Tri Nguyen aquarium where there are many species of fish and other sea creatures displayed. **They** made a strong impression on her.

Over the next few days, we had a two-day tour of offshore islands with many experiences. For example, we went scuba-diving, having a chance to watch species of fish underwater. It was an unforgettable moment. In addition, we enjoyed fresh air, white sand beaches and seafood. The lobster dishes we tried in a restaurant were very fresh and tasty, I supposed.

Before saying goodbye to return home, Mary said she liked beaches and Vietnam very much and wished to visit the country again one day.
