

## SIMPLE PAST (IRREGULAR VERBS)

### Explanation: Simple Past (Irregular Verbs)

The **simple past** is used to talk about actions that **started and finished in the past**.

Unlike regular verbs (which add **-ed**), **irregular verbs** have special past forms that we must memorize (e.g., *go* → *went*, *have* → *had*).

### Formulas

- **Affirmative:** Subject + irregular verb (past) + complement
  - Example: *She **went** to the park.*
- **Negative:** Subject + did not (didn't) + base form of the verb + complement
  - Example: *She **did not go** to the park. / She **didn't go** to the park.*
- **Question:** Did + subject + base form of the verb + complement + ?
  - Example: *Did she **go** to the park?*
