Exercise 9

First read the notes then listen to the second part of what the museum guide said to these children and underline the correct words.

dinosaurs disappeared **150/65** million years ago

Theories about why they disappeared:

Theory A:

- a giant meteorite from space **hit/broke** the earth
- huge dust clouds rose up and blocked the **moon/sunlight**
- all plants died and dinosaurs starved or **froze/burned** to death

Theory B:

- climate changed **a lot/a little** because the continents were moving around
- summers got **hotter/colder** and winters got **hotter/colder**
- dinosaurs had such big problems with these changes that they died

Theory C:

- a poisonous **plant/animal** appeared which killed dinosaurs
- as a result the meat-eating dinosaurs had no food, so they died

Exercise 10

Listen to the recording and decide whether the sentences are **True** or **False**.

	True	False
1. The First World War ended because of a signature, not a weapon.	<input type="radio"/>	<input type="radio"/>
2. Germany was losing the war in both Russia and France.	<input type="radio"/>	<input type="radio"/>
3. Austria-Hungary and the Ottoman Empire wanted to continue fighting.	<input type="radio"/>	<input type="radio"/>
4. The armistice agreement was signed in a railway carriage.	<input type="radio"/>	<input type="radio"/>
