

## 5. Fișă de lucru – Înmulțirea cu 3

1. Câte flori sunt în cele 5 vase? Calculează prin adunare repetată, apoi prin înmulțire.

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

R:  $\underline{\quad}$  flori

2. Câte mere sunt în total?

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

R:  $\underline{\quad}$  mere

3. Calculează:

$$6 \times 3 = \underline{\quad} \quad 4 \times 3 = \underline{\quad}$$

$$2 \times 3 = \underline{\quad} \quad 3 \times 9 = \underline{\quad}$$

$$3 \times 7 = \underline{\quad} \quad 10 \times 3 = \underline{\quad}$$

$$3 \times 2 = \underline{\quad} \quad 5 \times 3 = \underline{\quad}$$

$$8 \times 3 = \underline{\quad} \quad 3 \times 1 = \underline{\quad}$$

4. Completează factorul lipsă:

$$3 \times \underline{\quad} = 15 \quad \underline{\quad} \times 9 = \underline{\quad}$$

$$7 \times \underline{\quad} = 21 \quad \underline{\quad} \times 7 = \underline{\quad}$$

$$3 \times \underline{\quad} = 6 \quad \underline{\quad} \times 6 = \underline{\quad}$$

$$10 \times \underline{\quad} = 30 \quad \underline{\quad} \times 6 = \underline{\quad}$$

4. Află numerele cu 3 mai mari decât: 5, 8, 7, 9.

5. Află numerele de 3 mai mari decât: 5, 8, 7, 9,

6. Află triplul numerelor: 3, 6, 4, 7.
