X-rays

Example

When someone breaks an arm or leg, they need to go to hospital to have an x-ray. An x-ray is a special kind of photo that helps doctors to see inside a person's body.

Dentists use x-ray machines to fix problems. X-ray photos can show the dentist where there are any broken teeth or teeth that have holes in

the jaw.

A man called Wilhelm Rontgen invented the x-ray machine at the end of the 19th century. The first x-ray that he took was of his wife's hand. Rontgen won prizes for his important new idea.

People used x-rays to help check shoes in the middle of the last century, too. They used the machine to help them choose the right shoes.

We can find x-ray machines in shoe shops now, but they are not in airports. These machines look inside rucksacks and other bags that people take on planes.

Snowboarding lesson

Before Sophia and Robert had their first snowboarding lesson, Sophia was feeling very worried. She didn't want to fall over in the snow and be the worst in the class. And she didn't want Robert to laugh at her. Her brother was clever and did everything better than she did.

There were ten children in the snowboarding class and their teacher's name was David. Sophia liked him because he was young and very kind. They started their lesson on a small hill, which was fine, but then David took them on the lift to the top of the mountain. All the other children followed David down the mountain but Sophia couldn't. She was too frightened. The class disappeared and Sophia was alone.

But then David came to find her. 'The others are waiting for you at the bottom,' he said. 'Come on. Be brave. I'll help you.' They went very slowly at first. Then they went a bit faster. 'You see,' said David, 'You can do it!' When she arrived at the bottom of the mountain, everyone clapped. Sophia didn't fall over once, so she felt really pleased.

'Well done!' said David. 'You didn't fall over once!'

'Wow,' said Robert. 'You looked really cool.'

'Come on. Let's have a snowboarding race,' said Sophia after their lesson. 'I can go as fast as you now!'
