2 Read the paragraph comparing the two pictures and choose the correct words.

Both pictures **1) show/display** young people studying. They **2) must/can** be university students **3) why/because** they look too old for school. In Picture A, I can see a group of six students who are sitting around a large desk full of books. There are bookshelves in the **4) foreground/background** so they are **5) probably/likely** in a library. They **6) should/could** be working on a project or revising for an exam. **7) Also/On the other hand,** in Picture B, there is just one woman studying. It looks like she's at home and it's late at night. There are coffee cups on her desk and she's concentrating on a book. **8) Perhaps/However**, she's got an exam in the morning.

3 Look at the picture and answer the questions. Use the words/phrases below.

• computer lab • IT class • type • surf the Net • keyboard
• mouse • give instructions

1 Where was the picture taken? .....
2 How many people are there? Who are they? .....
.....
3 What are the people doing? .....
.....
