

# ACTIVITY 1:

Match the verbs with the correct nouns to form IT collocations. Then, write one original sentence using each collocation.

1) Install

2) Upgrade

3) Launch

4) Monitor

5) Encrypt

# ACTIVITY 2:

Complete each sentence with the missing word to form a common IT collocation.

- 1) The company decided to roll out a new \_\_\_\_\_ across all departments.
- 2) Strong \_\_\_\_\_ management is essential for protecting client data.
- 3) Our team is working to \_\_\_\_\_ the system to the new platform.
- 4) Cloud \_\_\_\_\_ has reduced the need for physical servers in many firms.
- 5) Regular \_\_\_\_\_ maintenance prevents costly downtime.
