READING PART 7

Question 1: Read the passage and choose the correct answer.

To: All Staff
From: Nigel McGuinness
Subject: Cost-cutting

As you all know, in these difficult economic times the company is making every effort to save money wherever we can. As a result, it has been decided that we will no longer employ an outside cleaning agency. We have therefore canceled our contract with Avon Cleaning Services, effective immediately. From now on, it is up to all of us to keep our own work areas and offices clean.

To help with this, one green recycling bin has been ordered for each office. These will be delivered next week, and placed in a corner. Please make sure that all recyclable trash is placed in this bin.

Someone from each office needs to be responsible for taking out the trash every collection day (Wednesday for recyclable and Friday for regular trash). Other people can take turns vacuuming and dusting (preferably on Fridays, late in the afternoon). Appropriate equipment, cleaning products, etc. will be kept in the large storage cabinet behind the reception desk. Department supervisors will draw up a schedule. This measure will obviously save us money (around \$2,300 per month). We also suspect that the company will end up throwing away less trash, and so this will help us meet our "corporate social responsibility" goal of reducing the waste we generate. Thank you for your cooperation.

What is the main purpose of this memo?

- (A) To announce the arrival of recycling bins
- (B) To inform employees of extra responsibilities
- (C) To encourage workers to reduce waste
- (D) To introduce a different cleaning agency

Date: Nov. 11
Subject: Feedback session

Hello All,

Sorry it's a bit late, but I'm just e-mailing to confirm that the "My Life, My Choice" website launch is arranged for Wednesday 17. As for the final feedback session, please come to City Hall at 10:30 tomorrow. I have booked Training Room 4 in that building, because it has around ten computers we can use to check the new website. I will make sure that cakes and coffee are there to help us all think creatively! We will try to finish by noon.

Unfortunately, we do not have any designated visitor parking. If you are driving, you can try to park on East Street (see the attached map). There should be plenty of spaces so hopefully it won't be too difficult for anyone. We will naturally reimburse travel expenses.

For those of you who are unable to make the session tomorrow, please send your feedback either by e-mailing myself or Katja Weitz (k.weitz@cityofarlington.gov). Alternatively, you can use the feedback form that I'm attaching. Please let us have any feedback by November 15. Your views are very important. Thank you again for all the ideas, time, and effort you have put into helping with the development of our new website. As members of the public, and users of Carlington City Hall services, your suggestions have been invaluable in making our new website more attractive and accessible. We hope you like the difference! Looking forward to seeing those that can make it tomorrow.

Best regards,
Nancy Henshaw

Question 4: Read the passage and choose the correct answer.

To: All Staff

From: Chad Ballmer, Head Technician

Re: Network Upgrade

We regret to inform all staff that as of next week we will be performing network repairs at one of our facilities, which will consequently result in frequent interruptions to the online system. The network is experiencing difficulties after a system-wide breakdown that occurred yesterday around 2:34 p.m. Unfortunately, there is no other option but to service the entire network, which will inevitably cause temporary inconveniences. The servers themselves will remain up, but will experience loss of connectivity. This disconnection will occur at the beginning of the servicing and will last a little more than 2 hours total. The process will consist of two separate sessions, with each session lasting from 11 p.m. to 1 a.m. During repair, you may experience a slowdown in speed and up to 3 network outages varying in duration from 10 to 30 minutes. The first session is scheduled for Friday, January 14. Further notification for the second window will be sent at least 48 hours in advance. The problem will be completely resolved by the first week of February. We apologize for any inconvenience this may cause.

What is the purpose of this notice?

- (A) To remind staff to turn off their computers
- (B) To notify staff of a change in management
- (C) To notify staff of upcoming system disruptions
- (D) To respond to complaints of slow connectivity

Question 5: Read the passage and choose the correct answer.

PRESS RELEASE

Pacific City Opens New Subway System

Nov. 28: The Pacific City Department of Transportation is pleased to announce the opening of the city's first subway line which will begin full service starting on Friday, Nov. 30.
