Amazonia is a magical story about a jungle, a tribe, and the importance of taking care of nature.

Deep in the Amazon rainforest, Chief Mará, a wise and strong leader, takes care of her peaceful village. Her curious little sister Ayla loves exploring the jungle, and their funny friend Kauê always finds ways to keep the tribe safe and happy.

One day, a visitor named Lukas arrives. He has a shiny tablet he uses to take pictures and study the jungle. But Lukas has a secret—he's working for his boss, who wants to build a giant hotel in the forest. At first, Lukas doesn't understand how much the jungle means to the tribe.

As Lukas spends time with Ayla and the others, he starts to see how beautiful and special the jungle is. He even begins to wonder if his project is the right thing to do. But then, his boss arrives with big machines, ready to cut down the trees.

The tribe, Lukas, and his boss face a big decision: Should they destroy the jungle to build the hotel, or can they find another way?
