## Reading

I personally think that reading is a very important activity in our life. Why do I say so?

Firstly, by reading we can get a lot of knowledge about many things in the world, such as : Science, Technology, Sports, Arts, Culture, and etc either written in books, magazine, newspaper, or any other medias.

Secondly, by reading we can get a lot of news and information about something happening in any parts of the world which can we know directly by reading.

Another reason, reading can give us pleasure too. When we are tired, we can read books, newspaper or magazine on the entertainment column, such as : Comedy, Short Story, Quiz, and etc in order to make us relaxed.

The last, reading can also take us to other parts of the world. By reading a book about Irian Jaya we may feel we are really sitting in the jungles not at home in our rooms.

From the facts above, it's obvious that everyone needs to read to get knowledge, information and also entertainment. Shortly, we can say that reading is truly important for our life.
