

Read the text and then choose correct option.

My Best Friend.

My best friend's name is Aigerim. She is 11 years old and we are in the same class at school. We have been friends for three years. Aigerim lives near my house, so we often walk to school together.

Aigerim is very kind and helpful. I think she is the nicest person I know. She always helps me with my homework and shares her lunch with me. In my opinion, she is also very funny — she always makes me laugh!

Aigerim loves sports. Her favorite sport is volleyball. She plays on the school volleyball team, and I think she is the best player in the group. She is fast, strong, and a great team player. Every Saturday, we go to the park and play volleyball together. I'm not as good as her, but she teaches me, and I'm getting better.

Her favorite subject at school is English. She wants to be a teacher in the future. I believe she will be a great teacher because she is smart, patient, and hardworking.

We also like drawing and listening to music. I feel very happy when we spend time together. In my opinion, Aigerim is not just my best friend — she is like a sister to me.
