THE LINE

My body's on the [ ] now
I can't [ ] this time now
I can feel the light [ ] on my face
Did I [ ] you?
Will they still let me over
If I [ ] the line?

Take a [ ]
But I'd [ ] you not be here for
What could be my final [ ]
Stay your [ ] eyes on course
Keep the [ ] of who I was before
So [ ] with me because

My body's on the line now
I can't fight this time now
I can feel the [ ] shine on my face
Did I disappoint you?
Will they still let me over
If I cross the line?

THE LINE

[ ]

I [ ] I was fully prepared for

The threshold in [ ]

Stay your pretty eyes on [ ]

I guess I never really faced my [ ]

before

So stay with me because

My body's on the line now

Pull the [ ] tight now

I can feel the light shine on my face

Did I disappoint you?

Will they still let me over

If I cross the line?

Please, don't let them see me

Sure there's nothing left to try

I can feel the light shine on my face

Did I disappoint you?

Will they still let me over

If I cross the line?

If I cross the line

If I cross the line
