Last Friday, our class went to the cinema to watch *Avengers: Endgame*. It is a **superhero action film** produced by Marvel Studios. The movie continues the story after *Infinity War*, when half of the population in the universe disappeared because of Thanos.

In this film, the remaining heroes, such as Iron Man, Captain America, and Black Widow, try to bring everyone back. They travel through time to collect the Infinity Stones before Thanos can use them again. The battles were spectacular, and the special effects were impressive.
