

Name: _____ Date: _____

Grade & Section: _____ Score: _____

Activity No. 8: Complete the Table
"List and Match: OSH Standards in ICT"

Learning Target/s:

- I can list at least five OSH standards used in ICT settings.

Success Criteria:

- The student correctly lists at least five OSH standards related to ICT.

Look For

- A list that includes relevant OSH rules like cable management, equipment handling, or ergonomic setup.

Instructions:

In this activity, you will list at least five (5) Occupational Safety and Health (OSH) standards commonly practiced in ICT environments. After listing, match each standard with its corresponding purpose or importance in ensuring safety and productivity in the workplace.

OSH Standard (List at least 5)	Purpose / Importance
1.	
2.	
3.	
4.	
5.
