From Dump to Nest

The beach of Versova in Mumbai, India, recovered its beauty after two years of people cleaning up trash. Afroz Shah went back to his town and saw his favorite beach covered with garbage. At the beginning, he was all alone cleaning, and then a group of volunteers joined him. He collected 13,000 kg of debris during the time of the campaign. Now, marine turtles nest and hatch there.

Read the questions and choose the correct option
