Listen to the song and complete the verses with the words in the box. Drag and drop them in the correct place.

Please, please protect the sea.

Do what's \_\_\_\_\_ for you and me  
and help us save the sea.

We must protect the wonders of the sea

To make a better world for you and me.

OCTOPUS

SHARKS

We must stop polluting the \_\_\_\_\_ so blue.

An \_\_\_\_\_ would like that, and so would you.

SEA

RUBBISH

## CHORUS

We must protect the wonders of the sea

To make a better world for you and me.

GOOD

UNDERWATER

Please, remember, don't throw \_\_\_\_\_ into the sea.

\_\_\_\_\_ wouldn't want that. Would we?

There are layers in the sea below.

There are creatures there that we don't know.

They live deep \_\_\_\_\_. They don't breathe air,

But our world is part of theirs.
