

Transport through time

Drag the icons of transport into the correct box to show the representation of transport through time

The image shows a horizontal timeline with five circular markers. Below each marker is a large, empty rectangular box with a blue border, intended for a transport icon. Below these boxes is a row of five transport icons, each in its own box. From left to right, the icons are: a wooden cart, a bicycle, a steam train, a camel and a horse, and a red car. The boxes for the cart, bicycle, train, and camel/horse have blue borders, while the box for the car has a black border.
