Both are still in conversation as far as the talks are concerned though there's been a big big \_\_\_\_\_ in the ties that we've seen with the imposition of \_\_\_\_\_ but this indeed push in every which way is a good sign isn't it? It's a big sign of saw and tires as well. Well, no \_\_\_\_\_ about it. It's very good times the heads of both the \_\_\_\_\_ are now talking to each other. It was a phone call between PM Modi and Donald Trump and like we told our viewers that Donald Trump become his first world leader to have expressed his \_\_\_\_\_ meetings to PM and Modi and it is also taking a time when the situation is not very good as far as the trade agreement between both the nations is \_\_\_\_\_ and Donald Trump calling PM Modi a very good friend is also indicating as to how there is now in the relation between US and India will have to \_\_\_\_\_ and what further things are going to take place in coming to this but yet it is also taking place the \_\_\_\_\_ round of talks great talks are taking place in fact concluded yesterday in national capital. I'm going to leave that for the moment. Bishna getting in those details it's a big \_\_\_\_\_ that we are tracking today clearly a sign of saw in ties with this phone call that has been made.
