Essay Writing Exercise

Read the two texts below.

Write an essay summarising and evaluating the key points from both texts. Use your own words throughout as far as possible, and include your own ideas in your answers.

Write your answer in **240–280 words**.

Online Education: A Step Forward

The rise of digital learning platforms has made education accessible to millions worldwide. Students no longer need to live near universities or pay high tuition fees to learn. Online courses allow flexibility, giving people the chance to study alongside work and family commitments.

The Downside of Digital Learning

Despite its popularity, online education often lacks the personal interaction and motivation of traditional classrooms. Many students drop out before completing their courses, and the quality of online programmes varies greatly. Critics argue that online learning should be seen as a supplement, not a replacement, for in-person teaching.

Write your **essay**.
