JUST GIVE ME A REASON – PINK FT NATE

Right *from / for* the start
You were a thief, you *sold / stole* my heart
And I, your willing *victim / victory*
I let you *see / seeing* the parts of me
That weren't all that *pretty / party*
And with every *teach / touch* you fixed them

Now you've been *talking / taking* in your sleep, oh, oh
Things *they / you* never say to me, oh, oh
Tell me that you've *had / having* enough
Of our love, our love

Just give *him / me* a reason
Just a *lot / little* bit's enough
Just a second, we're not *broken /breaking*, just bent
And we can learn to *live / love* again
It's in the stars
It's been *written / writing* in the scars on our hearts
We're not *breaking / broken*, just bent
And we *could / can* learn to love again

I'm sorry I *don't / won't* understand
Where all of this is *came / coming* from
I thought that we *will / were* fine
(Oh, we had everything)
Your head is r*unning / raining* wild again
My dear we still have *everyone / everything*
And it's all *on / in* your mind
(Yeah, but this is happening)

SOMEONE YOU LOVED – LEWIS

I'm going **under / inside** and this time I fear there's no one to save me
This all or **anything / nothing** really got a way of driving me crazy
I need somebody to **hear / heal**
Somebody to **know / love**
Somebody to **hate / have**
Somebody to **hold / have**
It's **hard / easy** to say
But **it's / this** never the same
I guess I kinda liked the way you numbed all the **fade / pain**

Now the **night / day** bleeds
Into nightfall
And you're not **here / there**
To **got / get** me through it all
I **let / lend** my guard down
And then you pulled the **rug / rope**
I was getting kinda used to being **anyone / someone** you loved

I'm going under and this time I **fear / feel** there's no one to turn to
This all or nothing way of **loving / living** got me sleeping without you
Now, I need somebody to **love / know**
Somebody to **hate / heal**
Somebody to **have / hold**
Just to know **why / how** it feels
It's easy to say **but / by** it's never the same
I guess I kinda liked the way you helped me **stay / escape**
