Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

Friendship plays a vital role in the lives of teenagers. Friends bring fun and happiness into their lives, making them feel like they belong to a group. When teenagers share their thoughts and feelings with their friends, they feel supported and understood. This is especially important when they face difficult situations.

At school, having friends can make students feel more connected to their studies. When a teenager's friends care about doing well in school, they are more likely to stay motivated and focused on their own studies. Friends can help reduce stress during busy times, like before tests or exams.

Outside of school, friends enjoy spending time together doing different activities. Whether they play sports, watch movies, or simply hang out, these moments strengthen their bond. By spending time

together, teenagers learn important social skills, such as communicating, listening, and working as part of a team.

Sometimes, friends might have disagreements or misunderstandings. These situations help teenagers learn how to resolve **conflicts** and forgive each other. Dealing with these challenges is an important part of growing up and makes teenagers more **resilient** when facing difficulties.

In conclusion, friendship offers teenagers support, helps them learn new skills, and brings happiness to their lives. Friendships formed during these years are a key part of their personal growth and will continue to affect them in the future.

31. What is the main idea of the text?

- A. Friendships help teenagers learn better at school.
- B. Friendships help teenagers both academically and socially.
- C. Teenagers spend a lot of time with friends outside of school.
- D. Teenagers need friends to reduce their school problems.

32. According to the text, how do friends affect teenagers at school?

- A. Friends make teenagers feel more focused and less stressed.
- B. Friends help teenagers stay away from busy times.
- C. Friends make it harder for teenagers to stay focused in class.
- D. Friends motivate teenagers to enjoy doing different activities.

33. What kind of social skills do teenagers learn from spending time with friends?

- A. Teenagers learn to become better at playing different sports.
- B. Teenagers strengthen their bonds with family members.
- C. Teenagers improve their skills in listening to daily conversations.
- D. Teenagers improve their teamwork and communication skills.

34. The word **conflicts** in paragraph 4 is CLOSEST in meaning to ____.

- A. reunions B. agreements C. fightings D. solutions

35. The word **resilient** in paragraph 4 is OPPOSITE in meaning to ____.

- A. weak B. strong C. confident D. powerful

36. Which of the following statements is NOT true according to the text?

- A. Teenagers feel supported when they share their feelings with friends.
- B. Friends can help teenagers reduce their school stress.
- C. Teenagers always get on well with their friends.
- D. Misunderstandings with friends can help teenagers learn important lessons.

Four phrases/ sentences have been removed from the text below. For each question, mark the letter A, B, C, or D on your answer sheet to indicate the correct option that best fits each of the numbered blanks from 37 to 40.

Phở is one of the most famous dishes in Vietnam. It is a traditional noodle soup made with rice noodles, beef or chicken, and a flavorful broth. (37) ____.

The broth is the most important part of **phở**. It is slow-cooked for many hours with bones, spices, and herbs like star anise, cinnamon, and ginger, (38) ____.

When eating **phở**, people usually add fresh herbs like coriander, basil, and lime to enhance the taste. Some also add chili or bean sprouts for extra texture and flavor. Each region of Vietnam has (39) _____. For example, **phở** in the north has a clear, simple broth, while the southern version is sweeter and richer.
