

Worksheet: Our Magical World, Our Real-World Solutions

Objective: To connect the world of fantasy with the real world, thinking about how we can propose solutions to real-world problems.

Part 1: Thinking Like a Hero

Instructions: Take a moment to think about a character you like from a fantasy book. It can be a hero, a wizard, or a creature.

1. My Favorite Character is: _____
2. Describe one good action this character took to help someone or solve a problem:

Part 2: Proposing a Solution

Instructions: A "problem" is something that is wrong. A "solution" is an idea to fix the problem.

- **Example Problem:** The school playground is full of trash.
- **Example Solution:** The students can organize a clean-up day.

Now, think about a real-world environmental problem.

A real-world environmental problem is:

Part 3: The Magical Solution

Instructions: If you had a magical power or a magical object from a fantasy world, how would you use it to solve the environmental problem you wrote above?

Think of a spell, a magical tool, or a special ability.

- **My Magical Power / Magical Object is:**

<hr/> <hr/> <hr/>

- **This is how I would use it to solve the problem:**

<hr/> <hr/> <hr/>

Part 4: Final Reflection

Instructions: What is the real-world lesson behind your magical solution? Why is it important for us to take action and find solutions for our planet?

- **My answer:**

<hr/> <hr/> <hr/>
