

A MAGAZINE COVER

Canva

You are working for a cinema magazine. Your job is to design the cover of the next issue. Follow the steps carefully.

Step 1: Choose your focus

- A new film that is being released
- A famous actor/actress who was awarded recently
- A TV series that was produced in the UK/USA

Step 2: Add the following elements to your cover

- Magazine title (invent your own name, e.g. Movie Stars Weekly)
- Main photo (actor, actress, or scene)
- 3 headlines with passive voice (e.g., “The new film was directed by...”, “The costumes were designed by...”)
- A short “blurb” (2-3 sentences) using cinema vocabulary (premiere, audience, filming, cast, director, soundtrack).

Step 3: Justify your choices

Write a short paragraph (4-5 sentences) to explain:

- Why you chose this film/actor/series.
- Why you included those headlines.
- What message your magazine cover wants to give to the readers.
