There are 90 apartments in my <sup>1</sup>\_\_\_\_\_. It has ten <sup>2</sup>\_\_\_\_\_. It's an old building and has a slow <sup>3</sup>\_\_\_\_\_. There are some <sup>4</sup>\_\_\_\_\_ which you can walk up. But there are 125 of them, and that's too many. The front <sup>5</sup>\_\_\_\_\_ is on King Street. You need a number code to come in the door. There's a new <sup>6</sup>\_\_\_\_\_ at the back of the building for cars and motorbikes. There's a(n) <sup>7</sup>\_\_\_\_\_ at the back for cars. There's also a small <sup>8</sup>\_\_\_\_\_ with trees behind the building, but no-one goes there. People prefer to sit in the <sup>9</sup>\_\_\_\_\_ on top of the building. There are some plants and chairs there. I think my apartment is beautiful. It has a high <sup>10</sup>\_\_\_\_\_ and white <sup>11</sup>\_\_\_\_\_. There are big <sup>12</sup>\_\_\_\_\_ in the lounge and bedroom. The apartment has a lot of light and space. Also, it's close to a modern <sup>13</sup>\_\_\_\_\_ and it's easy to go shopping.
