

Last night I had the strangest dream.  
I went back millions of years and saw  
Amazing things on planet Earth  
And I met the most beautiful dinosaur.

Its head was <sup>(1)</sup> **big** / **bigger** than a tractor.  
Its neck was <sup>(2)</sup> **shorter** / **longer** than a tree.  
Its scales were <sup>(3)</sup> **strong** / **stronger** than stone  
And its tail was <sup>(4)</sup> **big** / **bigger** than me.

It said, 'Climb on my back.'  
I did and then we flew up high.  
I saw the moon, the sun and stars  
On my dino in the sky.  
Last night ...

It had the <sup>(5)</sup> **strongest** / **longest** wings on Earth.  
This dinosaur was <sup>(6)</sup> **faster** / **slower** than light!  
It took just half an hour for us  
To fly around the world that night!  
Last night ...

It was scaly and scary but beautiful too!  
The most beautiful, beautiful, beautiful dinosaur!

THE DINOSAUR IN MY DREAM WAS BIGGER THAN MY HOUSE
