Згадай склад кожного з поданих чисел і заповни порожні віконця.

Three houses are shown, each with a roof and a body. The roofs contain numbers and two boxes. The bodies contain three equations with boxes for the missing numbers.

- House 1:** Roof: 9, 8, . Body: $8 + \square = 9$, $\square - 8 = \square$, $\square - \square = 8$.
- House 2:** Roof: 6, 5, . Body: $5 + \square = 6$, $\square - 5 = \square$, $\square - \square = 5$.
- House 3:** Roof: 5, , 1. Body: $\square + 1 = 5$, $\square - 1 = \square$, $\square - \square = 1$.
