

READING COMPREHENSION

My family is small. I live with my parents and my younger sister. My father is a teacher, and my mother is a nurse. They work very hard, but they always have time for us. My sister is ten years old. She likes reading books and playing with our cat. Every evening, we have dinner together and talk about our day. On Sundays, we go to the park or visit my grandparents. I love my family very much.
