# 10C Vocabulary in Context: The Future of Tourism

*What is going to change in tourism?*

### The Future of Tourism in Chile

Tourism in Chile is going to change in the next few years. More people are going to travel to natural places and stay in eco-lodges. Tourists are going to look for quiet, beautiful locations and visit small towns.

Cities are going to become less popular. Travelers are going to spend more time and money in local communities. Many hotels are going to use solar energy and reduce plastic.

Sustainable tourism is going to grow. People are going to explore Patagonia, Chiloé, and the Elqui Valley. Tourism is going to be more respectful with nature.

### True or False?

1.Tourism in Chile is going to stay the same in the future.

2.Tourists are going to stay in eco-lodges and visit small towns.

3.Cities are going to become more popular with travelers.

4.People are going to look for quiet and beautiful places.

5.Hotels are going to stop using solar energy.

6.Sustainable tourism is going to grow.

7.Patagonia and Chiloé are going to be popular destinations.
