

Imagine that you are doing a project on **what school-leavers in Zetland prioritise when choosing their future careers**. You have found some data on the subject - the results of a survey conducted among Zetland school-leavers (see the table below).

**Comment on the survey data and give your opinion on the subject of the project.**

**The survey question:**

**Which is the most important factor in your career choice?**

*Choose one option*

| Factors                     | Number of respondents (%) |
|-----------------------------|---------------------------|
| High income                 | 45                        |
| Work-life balance           | 20                        |
| Job satisfaction            | 18                        |
| Job stability               | 10                        |
| Career growth opportunities | 7                         |

**Write 200-250 words.**

**Use the following plan:**

- make an opening statement on the subject of the project;
- select and report 2—3 facts;
- make 1-2 comparisons where relevant and give your comments;
- outline a problem that can arise with choosing a career and suggest a way of solving it;
- conclude by giving and explaining your opinion on whether a financial reward should be the primary driver of a career choice.
