

Imagine that **you** are doing a project on **where teenagers spend time with close friends in Zetland**. You have found some data on the subject - the results of a survey conducted among Zetland teenagers (see the table below).

**Comment on the survey data and give your opinion on the subject of the project**

**The survey question:**

**Where do you spend time with close friends?**

*Choose one option*

| Places  | Number of respondents (%) |
|---|---------------------------|
| School  | 39                        |
| Online platforms (social media or gaming sites) | 38                        |
| Entertainment places                            | 15                        |
| Outdoor recreational spaces                     | 5                         |
| Coffee shops                                    | 3                         |

Write **200-250** words.

Use the following plan:

- make an opening statement on the subject of the project;
- select and report 2-3 facts;
- make 1-2 comparisons where relevant and give your comments;
- outline a friendship problem one can face and suggest a way of solving it;
- conclude by giving and explaining your opinion on the importance of teenage friendships.
