

Nhiệm vụ 1: *Đọc bài đọc nối cột A với cột B để tạo câu hoàn chỉnh*

Acne is a skin condition, it causes small, red spots on the face and the back. It affects 70-80% of young people between 12 and 30. More girls have acne than boys. It's not a serious disease but young people want to avoid it.

Here are some tips for taking care of skin with acne.

- Go to bed early and get enough sleep.
- Eat more fruit and vegetables, and less fast food.
- Wash your face with special soap for acne, but no more than twice a day.
- Don't touch or pop spots, especially when your hands are dirty.
- If it gets serious, see a doctor.

A

1. Acne is

2. Acne causes

3. Acne affects

4. Acne is not

B

a. young people the most.

b. a skin condition.

c. a serious disease.

d. small, red spots.
