A travel guide to Bangkok.

Bangkok is a wonderful city with many places to do and things to see.

1 Where to stay

The Khao San Road is a very short street in the centre of Bangkok. There are many hotels where you can stay. Choose any place you like and enjoy the culture.

But the Khao San Road is very noisy. There are always a lot of people. If you don't like it, go to Phra Kanong canal. There are not so many tourists but it's very beautiful and unusual district. You can find cafes, restaurants, hotels and other places to visit.

2 There are many cars in Bangkok so it's not a good idea to take a taxi. If you want to visit historical places, get a river taxi along the Chao Phraya river. For the new part of the city, the Skytrain is a fast way to travel.

3 Everywhere! Street food in this country is one of the best in the world. There are many cafes, restaurants, and fast food places. You can eat in the street, at a market or in an expensive restaurant, the food is delicious everywhere. Fried chicken with rice or Pad Thai noodles are very popular in Thailand.

4 Bangkok is a very friendly city with many things to do and see. Museums, cathedrals, squares, parks and waterfalls. Not interesting? Go to a snake farm and watch the live snake show! You can even touch a snake if you want!
