<b>A</b>	<b>Tuk-tuk</b>  Tuk-tuks look like motorbikes. The only difference with motorbikes is that tuk-tuks have three wheels. The driver sits in the front, while two to three people sit in the back. In Thailand, many tourists take it as a mode of transport. Sometimes, they can be faster than taxis and buses. It is fun and interesting as it is fast and it is more comfortable than a motorbike.
<b>B</b>	<b>Gondola</b>  In Italy, people often used them to get from one place to another. They can view the scenic view of Italy from the gondola. Gondolas are long boats and are very slow. Usually, up to five passengers can be on the gondola. It usually managed by a gondolier who rows the boat with a long-handled oar. Riding in a gondola might be slow, but tourists love it as sometimes the gondolier will sing and entertain them.
<b>C</b>	<b>Snowmobile</b>  During winter, people ride on snowmobiles. They haven't got wheels but they have got skis. They can go very fast. Snowmobiles do not have wheels because the wheels might get stuck on the snow. Snowmobile drivers have to wear a helmet and warm clothes to keep themselves warm. It can be cold on a snowmobile.
