

EXAMEN

ENGLISH

GOOD FOOD?

Look at these pictures of insects. People often see them in their homes. Well, don't be surprised, but we also eat them! Our food has sometimes got eggs from insects or very small fragments of insects in it. We don't usually see them because they are very, very small.

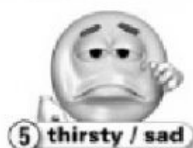

Don't be frightened! These insects aren't bad for you. In many countries of the world, insects are a traditional part of people's diet. Some people don't eat meat or fish. They eat insects. In Africa, Asia, Australia and Latin America, people eat 1,000 species of insects or more! Look at this meal. Does it look good? It's good for you!

2 Are the sentences below true or false? Tick (✓) T (true) or F (false) according to the text.

- There aren't usually any insects in our homes.
- It is difficult to see the insect eggs in our food.
- Some people eat meat and some people eat insects.
- In Asia and Australia, people don't eat insects.
- The insect meal in the picture above is good for you.
