## A LONG DAY

When my dad told us we were going to see Niagara Falls, I was 20 \_\_\_\_\_. It was a dream come true. We drove from New York City. It took about seven hours, and I think my dad was 21 \_\_\_\_\_ after driving for so long. The temperature was -5° when we arrived, and my feet and toes were 22 \_\_\_\_\_. We'd seen on the internet that it would be cold, so we'd brought lots of 23 \_\_\_\_\_ clothes. Also, we'd known we might get very wet, so we'd brought 24 \_\_\_\_\_ jackets with us too. When we reached the falls, the view was 25 \_\_\_\_\_. After I had taken three photos, my dad said, "We have to go back now!" I remember that my sister ate all the food in the car, so I was 26 \_\_\_\_\_ when we got home.

Smart City Event: Volunteer Application

Last name: Acosta      First name: Joe      Position: Event Assistant

**Personal Statement**

I am very interested in working as an Event Assistant in this year's Smart City Event. I studied political science and economics in college, and I am very interested in how we can make our cities better. I visited the Smart City Event last year. There were some fascinating speakers, the topics were interesting, and I met some very nice people.

I have never been an assistant for an event like this, but I did organize our graduation party in college. I had to start early and work with eight other people. The party was a success, and I think my organizational skills helped. I am good at working with people, and I can work well on my own or as part of a team.

In addition, I completed a project in college on the use of technology in cities, so I know quite a bit about smart cities. In the future, I would like to work for the local government.

I believe I would be successful as an Event Assistant because I have lived here all my life, and I know the city well. I could help people if they have questions about the city. I am a sociable person and enjoy being helpful. I speak English, Spanish, and some French. This could be an advantage if some visitors don't speak English.

I am available to work the weekend of September 5 and 6, and I can start as early in the day as you like.

I am available for an interview. Please contact me if you have any questions.
