Tamburello

Tamburello is a sport from the north of Italy. It is a very old sport. The first games were in the 16th century. Players can play the game inside or outside.

It's a team sport and there are usually three players in each team. Players hit the small tennis ball to players in the other team. But they don't use bats or rackets to hit the ball. They use tambourines. Have a look at the photo. Yes, the players have got tambourines in their hands. The Italian word for tambourine is *tamburello*. That's how the sport gets its name.

A player in one team hits the ball over the line to players in the other team. A player in the other team hits it back. When a player doesn't hit the ball or when the ball goes too far, the other team wins a point. There are four points in each game. That's the same as the points in tennis. When players play a match, they usually play 13 games.
