Holiday plans

Next month I graduate from college, and some of us are going to go on vacation together. We finish college on the 15th June and we're leaving two weeks later, so we don't have much time to get things organized. We're going to Nicaragua for three weeks. We're flying to Managua and then we're going to stay in Granada for a few days. After that, we're going to travel to a place with some great beaches. I think we're going to travel around by car. I passed my test last month and most of us have driver's licenses. We'll see who drives when we get there.

None of us have much money because we're students, so we're not going to spend much. I had to borrow some money from my parents, but I'm going to pay them back when we get back. I had an interview last week at a hotel in my town and they gave me a job for August. I'm going to be serving in the restaurant until September so that I can save some money.

Denis

I'm going to have an amazing summer! I'm going to a summer sports camp with my sister. I love sports and at this summer camp there are two pools, one indoor and one outdoor, and six tennis courts! We went last year for the first time, and I made some good friends. When we get back, I'm going to a music festival with my best friend Jeon. Jeon and I live near each other, and we were actually born in the same hospital, and we started school together. So, we know each other very well!! We both love the festival. It's a local event and we go every year. Three days of great bands, crazy people, loud music and lots of fun! The perfect way to end the summer.
