

Education Around the World

Subject: English
Level: Grade 9 SMP
Theme: Education

Part 1 – Reading Comprehension

Read the text and answer the questions.

Education is very important for everyone. In some countries, students go to school for six days a week, while in others, they study only five days. In Japan, students often join after-school clubs to learn music or sports. In Indonesia, students usually study general subjects like mathematics, science, English, and social studies. Nowadays, technology has made learning easier. Many schools use digital platforms and online classes to help students learn anytime and anywhere.

1. How many days do some students go to school in some countries?
[[a|Five days]] [[b|Six days]] [[c|Seven days]]
 2. What do Japanese students often join after school?
[[a|Online classes]] [[b|After-school clubs]] [[c|Study groups]]
 3. Mention two subjects studied by Indonesian students!
[[Mathematics and English]]
 4. What helps students learn anytime and anywhere?
[[Technology or online classes]]
-
