

"Let's play Guess the Place! I'll describe a place, and you guess which one it is."

"Is behind the house."

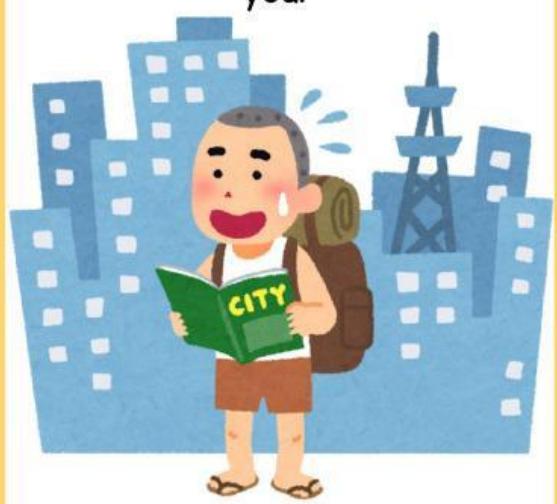

"It's a place where you can buy food."

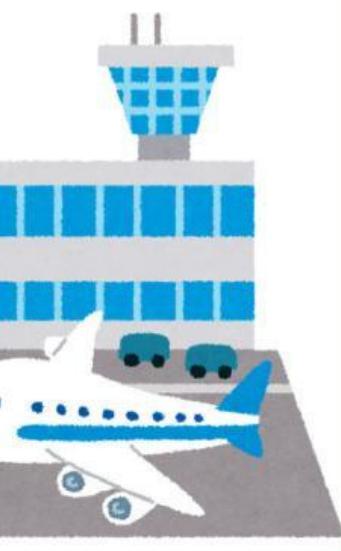

"You go there when you're sick."

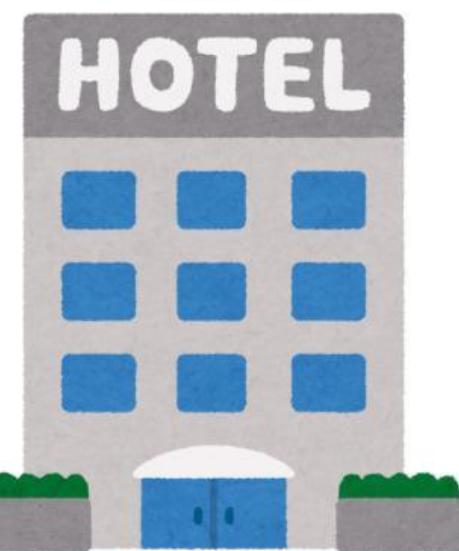

"It's right in front of you."

"It's next to the airport"

"It's a place where you  
can relax."

"It's across from the  
hotel."

It's next to the school."
