What's in the Kitchen?

Across

3. You use this to stir sugar into your drink or eat soup.

5. You put your dinner on this round, flat dish.

6. A sharp tool used to cut bread or meat.

9. A machine that keeps your food cold and fresh. (Short for refrigerator).

Down

1. A small container with a handle, perfect for drinking tea or coffee.

2. A deep dish used for serving soup, cereal, or fruit.

4. A large appliance used to bake cakes and roast chicken.

5. A flat, metal container with a long handle used for frying eggs.

7. You use this to pick up and eat noodles or salad.

8. Similar to a cup, but usually larger and used for hot drinks.
