

Our Neighbourhood

Places and buildings near our house make up our neighbourhood.

Some of our neighbourhood places are given below. Look at the pictures, read the clues and write the name of these places :

The place from where we can borrow books and read.

The place where we can play with our friends.

The place where we can have lunch or dinner with our family.

The place where we go to shopping.

We deposit our money here.

We can buy postcards and send letters to our friends and family from this place.

The place where we can go to watch movies.

When we are sick, we go to this place to get well.
