My favourite hobby

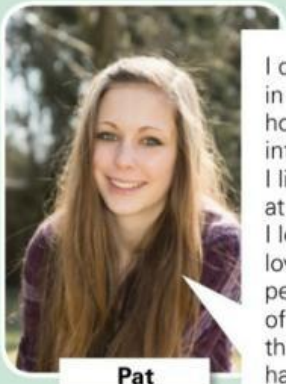

Lucy

I love all sports, but I think my favourite hobby is cycling. I love it because you can do it alone or with your friends. And it's great because you're outside in the fresh air. Of course, there are some days when the weather is terrible and you don't want to leave your house. But I always prefer outdoor activities and I try to ride my bike every day. I really don't want to be inside playing video games – I think that's so boring!

Fran

I did an art course last year and it was excellent. Now I spend a lot of time drawing and painting at the weekends. My friends tell me that my pictures are really good. Perhaps that's because I do lots of paintings of them! But I really enjoy being outside too and painting different things from nature. That's hard when it's raining but it's the best hobby when the weather is good!

Pat

I don't have a lot of time in the week to do different hobbies and I'm not that interested in sport really, so I like hobbies that I can do at home. In my free time, I love reading. I especially love books about famous people from history. A lot of my school friends think that I'm crazy because we have to read so much at school as well! They don't understand why I don't want to be outside doing something with them.
