

# HALLOWEEN

- 1 Halloween is the last day of October. That's October 31st.
- 2 Halloween is a fun and spooky holiday. People like to decorate
- 3 their houses and get ready for the night.
- 4 On Halloween, you can make a Jack-O' Lantern. This is a
- 5 pumpkin with a happy, silly, or scary face. Some people put a
- 6 light inside the pumpkin. There are other decorations, too.
- 7 You can see bats, black cats, ghosts, spiders, and skeletons
- 8 everywhere!
- 9 On this holiday, you can wear a costume. You can dress up
- 10 like a princess, a superhero, a ghost, or your favorite movie
- 11 character. You can also make your own costume at home.
- 12 On Halloween night, you can go trick-or-treating. You walk
- 13 from house to house in your costume and say, "Trick or
- 14 treat!" People give you candy or chocolate. You can share
- 15 your candy with your family or friends later.
- 16 Some people go to Halloween parties. They play games,
- 17 dance, and eat sweets. Others like to watch Halloween
- 18 movies or tell spooky stories. Halloween is a day full of fun,
- 19 costumes, and candy!

- 
1. A Jack-O' Lantern is a pumpkin. (True / False)
  2. You can go trick-or-treating during the day. (True / False)
