HALLOWEEN

Halloween is the last day of October. That's October 31st. Halloween is a fun and spooky holiday. People like to decorate their houses and get ready for the night.

On Halloween, you can make a Jack-O' Lantern. This is a pumpkin with a happy, silly, or scary face. Some people put a light inside the pumpkin. There are other decorations, too. You can see bats, black cats, ghosts, spiders, and skeletons everywhere!

On this holiday, you can wear a costume. You can dress up like a princess, a superhero, a ghost, or your favorite movie character. You can also make your own costume at home.

On Halloween night, you can go trick-or-treating. You walk from house to house in your costume and say, "Trick or treat!" People give you candy or chocolate. You can share your candy with your family or friends later.

Some people go to Halloween parties. They play games, dance, and eat sweets. Others like to watch Halloween movies or tell spooky stories. Halloween is a day full of fun, costumes, and candy!

1. **A Jack-O' Lantern is a pumpkin.** (**True** / **False**)
2. **You can go trick-or-treating during the day.** (**True** / **False**)
3. **People give you money when you trick-or-treat.** (**True** / **False**)
4. **Some people tell scary stories on Halloween.** (**True** / **False**)
5. **Black cats are a type of decoration.** (**True** / **False**)
