

## **My Holiday to Bali**

Last December, my family and I went to Bali for our holiday. It was my first time visiting the island, and I was very excited. We stayed at a small hotel near Kuta Beach for three days. The weather was sunny and perfect for outdoor activities.

On the first day, we went to Kuta Beach in the morning. I played in the water and built a sandcastle with my little sister. My father took many pictures of us. In the afternoon, we visited Tanah Lot Temple. The view of the sea was amazing, and we watched the sunset together.

On the second day, we went to Ubud to see the rice terraces and the monkey forest. I was a bit scared of the monkeys because they tried to take our snacks! We also bought some souvenirs at the local market.

On the last day, we swam in the hotel pool and relaxed before going home.

Our trip to Bali was short but unforgettable. I learned many things about Balinese culture and enjoyed every moment with my family. I hope I can visit Bali again someday.
