TENSES

Last summer, I _____ on holiday with my friends Lily and Jack. One day, we _____ on the beach, watching people fly across the water on a banana boat - a long yellow rubber boat pulled by a speedboat. It looked like such a great thrill that we _____ to try it. It held on as tightly as I could. Then, as the speedboat _____ a sharp turn, the banana tipped over and we all fell into the water. Laughing, I looked around for my friends. Suddenly I _____ that Lily had blood all over her face. Jack and I swam towards her to see what _____ . I felt quite panicky. By this time, the driver _____ what was going on, and came back to help. We _____ Lily to hospital as soon as we got to shore. Later, we _____ that she had a broken nose from hitting the water so hard, but luckily she hadn't been seriously injured!
