D. Read the text below and answer the questions related to the text.

My Exciting Holiday in Semarang

Last school holiday, my family and I went to Marina Beach in Semarang for a one-day trip. We left home at 7 a.m. because my father wanted to avoid traffic. The weather was sunny, and the sky was clear. I felt very excited because it had been a long time since our last family holiday.

After arriving, we looked for a place to sit and put our things under a big umbrella. Then, my brother and I ran to the shore and played with the water. The waves were not too strong, so we could play safely. We also built a large sandcastle together. My mother helped us decorate it with small seashells we found around the beach.

Around noon, we felt tired and hungry, so we took a break and ate the food my mother prepared. She brought fried rice, chicken, and some snacks. After eating, we drank coconut water, which tasted very fresh. We enjoyed our lunch while watching other people swimming and playing on banana boats.

In the afternoon, we decided to rent a boat to look around the beach area. We wore life jackets and enjoyed the cool sea breeze. It was my first time riding a boat, and I felt a little nervous at first, but then I had so much fun. After the boat ride, we walked along the shore and took many photos together.

Before going home, we sat and watched the sunset. The sky turned orange and pink, and it looked very beautiful. I felt peaceful and grateful for the moment. Around 5 p.m., we packed our things and went home.

It was one of the best holidays I have ever had. I felt happy, relaxed, and closer to my family. I hope we can visit Marina Beach again next holiday.

Please select the correct answer below

1. Who went on the holiday?
