

# How to train a grey parrot process writing

## introduction

Parrots are special animals <sup>1</sup>b ----- they have captivating colours, advanced problem-solving abilities, and amazing communication skills. These unique features have convinced a big number of animal <sup>2</sup>l ----- throughout history to keep them as their preferred <sup>3</sup>p --. In this <sup>4</sup>e ----, I am going to suggest few steps that you need to <sup>5</sup>f ----- in order to take care of the African grey parrot and <sup>6</sup>t ---- it to perform a lot of breathtaking skills.

## body

First things <sup>7</sup>\_\_\_\_\_, choose a big room to keep this <sup>8</sup>\_\_\_\_\_ safe and comfortable. It goes without saying that it needs much space to <sup>9</sup>\_\_\_\_\_ from time to time and keep its <sup>10</sup>\_\_\_\_\_ strong while in captivity. Make sure the place is <sup>11</sup>\_\_\_\_\_ and calm because extreme temperatures and constant <sup>12</sup>\_\_\_\_\_ can affect the learning process. Also, it is a good <sup>13</sup>\_\_\_\_\_ to buy some toys, a wooden stick, a rope, <sup>14</sup>\_\_\_\_\_ a perch for effective stimulation.

<sup>15</sup>Once \_\_\_\_\_ the place is ready, you need to get closer <sup>16</sup>for \_\_\_\_\_ the student and start with very easy tasks. Try to keep eye contact with it and caress its <sup>17</sup>skin \_\_\_\_\_ because this will endear you to it. <sup>18</sup>Then \_\_\_\_\_, say specific words like 'turn around' and gently direct it to do so. If it <sup>19</sup>follow \_\_\_\_\_ directions, give it its favourite food in order <sup>20</sup>encourage \_\_\_\_\_ it to obey you next time.

Now that you are <sup>21</sup>at \_\_\_\_\_ and you want to please each other, ask it to perform more complex <sup>22</sup>and \_\_\_\_\_ and allow enough time to reach the level of perfection. Use the tools you <sup>23</sup>have \_\_\_\_\_ in order to train it to do acrobatic stunts and let other family members or <sup>24</sup>give \_\_\_\_\_ give it the treat and clap hands. This way, the bird will take <sup>25</sup>in \_\_\_\_\_ in its performance and you will let others share the <sup>26</sup>burden.

## conclusion

The African grey parrot is a particularly intelligent bird and by following the afore-mentioned steps, you can train it not only to be a professional entertainer, but also a valued member of the family.
