I volunteer for a netball organisation — netball's a bit like basketball but usually played by women. Actually I **(A1)** ... it — it **(A2)** ... as a sport at school, but I chose football, instead. I rarely bother to turn the TV on for sports matches, as I prefer to be out at the weekends and being a volunteer is a great way to do that. I thought it **(A3)** ... interesting to know what netball is. I do various jobs when I **(A4)** ... . Matches usually take place on Saturdays, so I arrive early to help check that the court is free of stones or rubbish. Then I **(A5)** ... drinks and snacks for the players before collecting tickets when spectators start to arrive. The matches are great fun and I always go home feeling amazed. I'd persuade other people to be a volunteer. It's probably more interesting if you like the sport involved, but it doesn't matter because you **(A6)** ... a lot about yourself and other people, and make great friends.
